As a Board-certified Podiatrist, **Dr. Brutico** specializes in the health of ankles, feet and toes. He provides general podiatric medicine by treating conditions ranging from ingrown toenails, corns, calluses and bunions to in-office wound care management. Additionally, he acts as a vital member of a patient's care team for chronic conditions such as diabetes.

Dr. Brutico was born and raised in Northeastern Pennsylvania. Prior to joining WMCHC in 2024, he operated a private practice, Brutico Foot and Ankle Surgery, located in Scranton. Additionally, he has treated patients at Wayne Memorial Hospital's Advanced Wound Care Center since 2021.
