

Madeline Carey, PA-C, Physician Assistant

Education and Training

- Master of Science in Physician Assistant studies Nova Southeastern University, Fort Lauderdale, FL
- Bachelor of Science in General Biology from Pennsylvania State University, Eberly College of Science.
- National Commission on Certification of Physician Assistants

As a Physician Assistant, Madeline Carey, PA-C, diagnoses and treats acute and chronic conditions for adult patients. She performs physical exams, orders and interprets laboratory and radiological studies and refers to various specialists when indicated. Madeline works with patients to ensure preventative screenings and vaccinations are up-to-date. Additionally, she performs minor in-office procedures such as suture/staple removal, basic wound care and ear irrigations.

Madeline was born and raised in Wayne County. Prior to joining WMCHC in 2024, she worked as a Family Medicine Physician Assistant for the Physician's Health Alliance in Scranton, PA
